

Ultimate Security
Maximum Appeal

SecureLine™ offers the ultimate in security without compromising on your design or your view.

Home security no longer means you need to forgo design elegance or feel like you are closed in.

SecureLine™ is made in Australia to stand up to harsh Australian conditions, delivering superior strength, durability and resistance to corrosion.

SecureLine™ screens boast the following features:

- Stainless Steel precision ball bearing rollers for added resilience
- Highest quality high tensile 316 Marine Grade Stainless Steel mesh
- One piece interlocks for SecureLine™ sliding door
- 3 point locking system on SecureLine™ sliding and hinged doors
- Metal corner stakes

Available in an extensive range of powder coated colours to match your existing windows and doors.

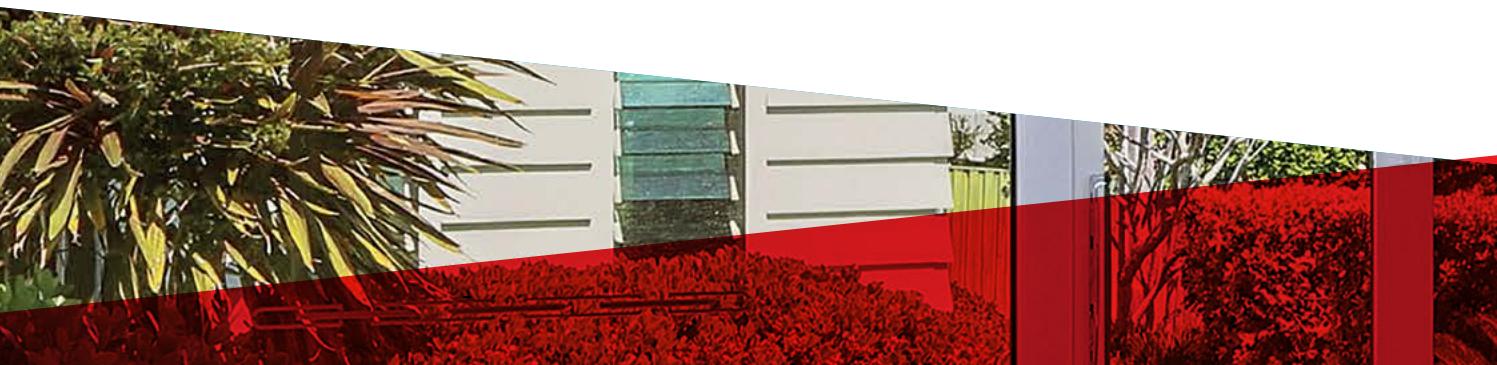

SecureLine™ security screens have been designed specifically for our windows and doors and can be retrofitted to the following products:
